P110i Single Side Printer

The Zebra P110i is ideal for applications requiring low volume production of full-colour plastic cards. Printing personalized plastic cards has never been simpler, faster, or easier.

Use P110i Card Printers to print:

- Loyalty and membership cards
- Employee and visitor badges
- Student ID and access control cards

**Card
Printer
Solutions**

The P110i prints sharp, readable bar codes, ID photos, graphics and text, edge-to-edge, in seconds. That means you can issue personalized cards on the spot. Its space-saving, small footprint design is the perfect choice for desktop and countertop applications. The ribbon cartridge is very easy to load with Black, White and Blue single colour options as well as full colour. One Year Warranty.
