# P430i Dual Side Printer

Dual-Sided, Edge-to-Edge Colour ID Card Printer. The Zebra P430i plastic card printer is highly versatile, and designed for mid to high volume printing of dual-sided plastic cards in colour.

Use the P430i card printer to print:

- Employee ID, Time and Attendance cards
- Student ID and Facilities Access Control cards
- Club Membership and Loyalty cards

**Card  
Printer  
Solutions**

The P430i's new design features include:

Low-maintenance print mechanism, includes self-cleaning card handling, high capacity ribbon system, two-line LCD control panel, separate reject card hopper.

The reject hopper separates cards that fail encoding prior to printing, saving valuable printer ribbon. Transparent input and output hoppers provide visual card capacity status. Options include Magnetic encoder, Contact or Contactless Smart card encoders (MIFARE / HID iClass) and Network interface.

One Year Warranty.
