# artwork specifications
## for printed lanyards

> **Acceptable Image Formats:**
Vector files such as EPS, AI, PDF. All artwork should be editable and all fonts should be converted to outlines.

> **Not Acceptable:**
JPEG (JPG), TIF, GIF, PNG, Pagemaker, ClarisWorks, Microsoft Word, Powerpoint are not suitable.

> **Sizing:**
Unless otherwise requested by you, we will imprint the image to the size that looks best, or is the largest we can on a particular item.

> **Colours:**
We use the Pantone PMS colour matching system for the print colours. Computer monitors and printers display colours differently, so it is important that we have a Pantone colour if print colours are important. As you will be aware the surface of a lanyard is different to paper, this means that colours may vary slightly from those on other media. Due to variations in materials & processes used, PMS colours may differ from the original by 10%. Please note that because of the texture of lanyards it is difficult to successfully print complicated designs or artwork.

> **Customer Confirmation:**
Once we have finished your graphic, we'll email you a sign-off so you can review it before we begin your order.

> **Returns:**
We can accept returns of stock items, however a restocking fee may apply. Unfortunately we are unable to accept returns of printed lanyards or printed wristbands.

FOR ORDERS OF 500+ WE CAN DYE LANYARD FABRIC TO YOUR PMS (PANTONE) COLOUR CHOICE AT NO EXTRA COST (4 WEEKS TURNAROUND)
